THE CONSULTATION PROCESS

Initial Information Exchange

During your initial consultation we will explain our services and fee structure, discuss your current financial situation and identify your financial goals. At this meeting we will determine if we are able to assist you in achieving your goals and if you would like to proceed. A second meeting will then be scheduled if you wish to commence the financial planning process.

This initial meeting normally takes approximately half an hour and is complimentary.

At the second meeting, full personal financial details will be recorded, your financial goals and risk profile will be clearly established; any financial deficiencies will be identified and some broad suggested strategies will be discussed. At the conclusion of this meeting, we will seek authorisation to commence the preparation of a "Statement of Advice" (SoA) tailored to your goals and needs. This meeting may take between one and two hours. Our standard hourly rate will apply – this fee is incorporated into the "Statement of Advice Fee" *if authorisation to prepare a Statement of Advice is provided to us.*

Statement of Advice (SoA)

This fee is based on the complexity and time involved in preparing your Statement of Advice. A full Statement of Advice addresses all areas of advice. This type of Statement of Advice is priced from \$3,000. You may also wish to scale the advice, meaning you only require specific areas of advice. This type of Statement of Advice is priced from \$1,000. For that reason our fees may range from \$1,000 to \$15,000* (excluding GST). * Additional fees may apply where specialist advice is necessary.

During your initial consultation we will advise which Statement of Advice we recommend for you.

Implementation

If you wish to proceed with the implementation of your Statement of Advice, we will charge an implementation fee depending on the level of time and complexity for the associated recommendations. This fee can be from \$1,200 (excluding GST).

Ongoing Administration Service

LIFE Financial Planners Pty Ltd offers a selection of options for the ongoing management of your wealth creation and protection. We will recommend the option we feel is appropriate for you.

Our "Ongoing Administration Service" rates are based on our standard fees as follows -

STANDARD FEES PER HOUR

Financial Planner	\$300 per hour + GST
Senior Planning Assistant (Paraplanner)	\$150 per hour + GST
Administration	\$110 per hour + GST

The Ongoing Administration Service

To ensure that your Statement of Advice remains relevant to your changing circumstances it is imperative that your plan is reviewed on a regular basis. In some cases our ongoing administration service fees may be tax-deductible; however as we are not Tax Specialists, we recommend that you seek professional taxation advice regarding this matter.

Ongoing Administration Service Fees can be paid for as stated above and can be paid by way of a percentage based Adviser Service Fee.

Alternatively, you may opt to pre-pay your Ongoing Administration Service Fees upon invoice, annually in advance.

For more information relating to our review services, please refer to our Schedule of Fees.

All fees are subject to an increase in line with CPI and may be adjusted annually at review.
